New Production - Not submitted to any competitions at the time of this publication.

## WINEMAKING

The white and red wines are kept separate until the time of blending. This gives us the opportunity to do tasting trial blends in order to produce what we feel is the best possible blush wine.

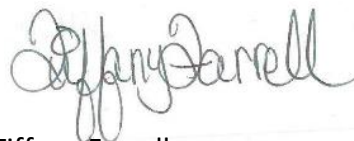

## FOOD PAIRING

Serve chilled. Pairs great with Summer Salads, Chicken Quesadillas, Beef Tacos and spicy Latin dishes. Great choice for picnicking.

## WINEMAKER'S COMMENTS

The intense pink color is very pretty in the glass. Has aromas and palate full of strawberry, cherries and fresh flowers. This sweet wine is balanced with crisp acidity for a clean finish. Great summer wine for warm afternoons!

Winemaker:

Tiffany Farrell
